The schools enumerated in this list are private schools aided by grants from the Colonial Treasury. Eleven of them were attended by white children and conducted by white teachers. Fifteen were attended by coloured children under coloured teachers; the charges range from 6d. a week to about £24 per annum.

The management of the schools numbered 1—10 is vested in Trustees or other governing body, and to these governing bodies the Board of Education makes an annual grant under certain conditions. In the case of the schools numbered 11-26 grants were made to the Teachers and Assistant Teachers direct.

The general grant from the Colonial Treasury for 1946 was £74,998. 13. 8. This grant is administered by a Board of Education composed of the Chairman and nine members. The schools are frequently visited and inspected by officers of the Department of Education.

The total expenditure on Education for the year 1946, including the cost of administration, scholarships, pensions for teachers, and school buildings, as well as the expenditure from the general grant, was £110,392. 14. 11.

SECONDARY SCHOOLS.

Six of the schools enumerated in the above list are of a higher grade than the ordinary elementary school and teach secondary subjects in the upper classes. These schools are the St. George's Grammar School, Whitney Institute, Bermuda High School for Girls, Saltus Grammar School, Warwick Academy, (these five for white children), and the Berkeley Institute for coloured boys and girls.

Pupils from these schools are prepared for the Cambridge Local Examinations, a centre for which was established in Bermuda in 1891.

Under the provisions of the Will of the late Right Honourable Cecil John Rhodes, one annual scholarship is awarded to students from Bermuda, and in August, 1905, the Colonial Legislature passed an Act making provision to assist and encourage youths educated in Bermuda to proceed to educational institutions abroad for the purpose of preparing to compete for the scholarships.

At the end of 1924 the Bermuda (Technical Education) Scholarship Act was passed establishing four scholarships tenable for a period of four years at some educational institution abroad.

Under the provisions of The Bermuda Scholarship for Girls Act, passed in March, 1939, six scholarships for girls were established, tenable at approved institutions abroad for a period of three years.
